Your Chakra Percentages

Your Chakra Percentages Are What Matters! The Image Above Is A Representation Based Off Your Percentages, But Is Not An Accurate Way To Determine If Your Chakra's Are Balanced. The Goal Is To Have Each Chakra Balanced Between 13% and 15%. Higher Percentages Are Not Better.

Chakra Meanings And Info

Below Is Information Of Each Chakra. We Recommend Working On your Weaker Chakras With Our Individual Chakra Sessions. Read More Below!

Sahasrara

Crown Chakra 14.46%

Location - The crown chakra is present at the top of the head.

Color - The color associated is violet or white.

Characteristics - Sahasrara means 'a thousand-petaled'. It brings pure consciousness energy. It is hard to explain but if put in simple words, if you keep a metal object near a magnet you feel the tension between those two but cannot see the energy. It connects you to the universal energy. Balancing crown chakra is like a Buddhist trying to achieve nirvana. The nervous system and the brain's glands are present near this chakra. Pluto is the planet linked to it. The crown chakra symbolizes the highest level of enlightenment.

Importance for spiritual development - When excessive, you can become a narcissist, a cult leader. In deficiency, you will have no spiritual motivation or inspiration. The best and the most powerful way to awaken your crown chakra is meditation. When you meditate, try to imagine a violet lotus over the crown. Focus on your breathing, practice the the yoga asanas, use tonal sounds, and chanting OM are several ways to awaken your crown chakra. The stones for this chakra are clear quartz and selenite. You can start by spending time in sunlight and doing aromatherapy. All this will assist in opening the crown chakra.

As Aristotle said- *'We must no more ask whether the soul and body are one than ask whether the wax and the seal impressed on it are one.'*

Remember, we are NOT *'Photographing Your Aura'*--- We are deciphering your spiritual *'Stamp'* which is reflecting through the *'WAX'* of your physical body.
